

"Geoengineering--intentional, human-directed manipulation of the Earth's climatic systems--may be such an alternative. The evidence is all around us.

For example; this past week Boeing Aircraft received an enormous initial order from the Pentagon for 100 Boeing 767 tanker planes, to begin replacing the Air Force's aging fleet of KC-135s, the most commonly seen chemtrail spray plane. The final order will exceed 500 planes. There has been no mention of the usage of these aircraft.

Attempts at analysis have been attempted by numerous individuals determined to find out what is being done to the people. The analyses that have been attempted have yielded constituents of the chemtrails ranging from ethylene dibromide to aluminum chaff to barium oxide to pseudomonas fluorescens and pseudomonas.

Chemtrail activity has been reported in at least 14 allied nations including Australia, Belgium, Britain, Canada, France, Germany, Holland, Ireland, Italy, New Zealand, Scotland, Sweden and the United States. Croatian chemtrails began the day after that country joined NATO.

*Something is going on, that's for sure.
What it is and why they're doing it are the
biggest questions.*
